

## Pair your sound with your house

If walls had ears, this is what they would want to hear! The HardRock 210 can change your house into a club, a theatre, a jazz party and much more. Connect the speaker to your TV, Laptop, smartphone, tablet or any Bluetooth device, USB device, or AUX inputs and let the tunes run wild in your house. The wooden cabinet subwoofer is purpose-made to deliver beats that will make your heartbeat resonate with them. With 3 in-built modes for movies, gaming and music; you can be treated to custom made music that suits your needs. That's not it! The Hardrock 210 can be operated with an IR remote from anywhere in your house. Let's make your home everything you need it to be!
